The product types are defined as following: (1) Basic hospital, surgical, medical expense incurred plans that have numerous internal benefit limits and catastrophic expense rider which attach to these plans ("Scheduled Plans"), (2) Preferred provider/catastrophic expense plans ("Non-Scheduled Plans"), (3) Riders that attach to the Scheduled and/or the Non-Scheduled plans and provide for additional benefits with the exception of the accumulated covered expense rider ("Riders"), and (4) the accumulated covered expense rider ("ACE"). Please note that the ACE rider is an optional benefit available on many of the Scheduled Plans and is a small component of the total premium, thus the average Scheduled certificate holder with the ACE rider will see an approximate impact of 4-5% to the total certificate premium due to the ACE rider increase.

The rate action for the Scheduled Plans, Non-Scheduled Plans and Riders is based on each state's experience taking credibility into consideration while the ACE rider is based on nationwide experience due to its low claim frequency resulting in significant credibility concerns. Please refer to the Rate Increase Development Exhibit for more details.

A rate change amount is determined after credibility adjustment and based on our target loss ratio of 70%.

To the best of our knowledge, none of the rate increases in this filing exceed the 10% threshold as defined by HHS which would require a filing to HHS thus no such filing has been made.

Actuarial Certification

I certify, based on the laws as we know them today, that this rate filing is in compliance with the applicable laws and regulations of this state. I further certify the rates are not excessive, inadequate, or unfairly discriminatory.

Rate Filing for Association Group Plans (Non Small Employer)

Dear Sir or Madam:

The MEGA Life and Health Insurance Company respectfully submits rates for your information for our Grandfathered and Non-Grandfathered association group health benefit plans. These plans are individually underwritten for residents in the following states: AL, AK, AZ, FL, GA, ID, LA, MO, MT, NC, NE, OR, PA, TX, VA, WI, and WY. When qualified, the applicant is issued a Certificate of Coverage under an association group master policy that is issued in the District of Columbia. At this time, MEGA has ceased all new sales under the filed association group health benefit plans. However, at this time, MEGA does intend to continue renewing and administering these inforce blocks of business.

The rate action for the Scheduled Plans, Non-Scheduled Plans and Riders is based on each state's experience taking credibility into consideration while the ACE rider is based on nationwide experience due to its low claim frequency resulting in significant credibility concerns. Please refer to the Rate Increase Development Exhibit for more details.

To the best of our knowledge, none of the rate increases in this filing exceed the 10% threshold as defined by HHS which would require a filing to HHS thus no such filing has been made.

Thank you for your review of this rate filing. If you have any questions or need additional information, please feel free to contact me at any time.

Sincerely,
